

Prayer for Success in Exams

Good and Heavenly Father,

Thank you for the gift of education, the gift of being able to think and discover, the gift of learning truth. As other students and I prepare for exams, I pray that I may have focused attention and a positive attitude. Grant me strength in my studies, absorbing all information necessary to not only succeed in these exams, but to better understand and appreciate Your creation as I learn and grow each day. I pray that all students and I have calm nerves and clarity of mind during our exams. Help us to persevere, even when we grow weary. Lord God, I ask you to bless all educators, all teachers, and all tutors, working to do Your will by sharing their gifts of knowledge and patience. I ask that You soften their hearts and bless them with compassion when it is needed, such as in moments of grading and correction. Continue to humble me throughout my education, nurturing my desire to grow in wisdom.

Our Father...

Hail Mary...

Glory Be...

Angel of God...

We ask this through Christ our Lord. Amen.
